

Belt Tong

Key Benefits and Features

- Belt will not break apart, even when over-torqued
- Non-stretch belt cords - belt does not store energy
- Reduces personnel on the floor - only two technicians required to operate tong
- Minimizes marking on pipe, leaving minimal die marks
- High torque capacity - up to 110,855 foot-pounds on 36 inch pipe when using SCT3672
- Constant tong balance, as tong stays level whether open or closed
- Ratchets easily via single hand operation
- Fast operation - 10 pound belt deploys and latches in seconds

Use in the following applications: Deepwater and ultra-deepwater Mid-water shelf Land
